

REVIEW OF 2003 PROPERTY TAX RATES

**From The Office Of State Auditor
Claire McCaskill**

**Report No. 2003-124
December 31, 2003
www.auditor.mo.gov**

Office Of The
State Auditor Of Missouri
Claire McCaskill

December 2003

The following report contains certification information on taxing authorities throughout Missouri.

State law requires the Missouri State Auditor to annually check all taxing jurisdictions throughout Missouri as to their compliance with the tax limitation provisions of Missouri's Hancock Amendment. The following report shows whether or not a taxing jurisdiction has met its constitutional and statutory obligation to set an overall tax rate at a level approved by voters and within the bounds of limits set by Missouri's Constitution and the State Legislature.

IMPORTANT: The State Auditor's Office has no authority to determine or review individual tax assessments. Chapter 138, RSMo governs the appeals process for assessed valuations as they pertain to individual taxpayers.

All individual tax assessment matters are the responsibility of each county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

All reports are available on our website: www.auditor.mo.gov

STATE AUDITOR'S REPORT

CLAIRE C. McCASKILL
Missouri State Auditor

Honorable Bob Holden, Governor
and
Members of the General Assembly
Jefferson City, MO 65102

The State Auditor's Office is required to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine whether local governing boards have levied taxes in accordance with state law, and in particular, to determine whether local property tax rates have been adjusted to ensure that property reassessments are revenue neutral. Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2003, we received substantiating data and issued a finding on 4,809 property tax rates of 2,706 taxing authorities. Nine taxing authorities levied in excess of the tax rate certified resulting in approximately \$59,000 in excess tax levies.

Property taxes are often the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund our public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices is often eroded.

Claire McCaskill
State Auditor

December 31, 2003 (fieldwork completion date)

The following auditors participated in the preparation of this report:

Director of Audits: Thomas J. Kremer, CPA
Tax Rate Supervisor: Becky Webb
Tax Rate Analyst: Nicki Russell, CPA
Tax Rate Staff: Cara Wolfe

RESULTS

RESULTS

Taxing Authorities Generally Complied with State Property Tax Laws

The State Auditor received substantiating data and reviewed 4,809 property tax rates for 2,706 taxing authorities. Of the rates reviewed, 551 were debt service levies, 145 were new property tax rates approved by voters and, 52 were for existing property tax rates that were increased by voter approval. The remaining 4,061 levies reviewed are general types of levies. Nine taxing authorities levied in excess of the tax rate certified. While varying factors contributed to these violations, increased awareness of Missouri law should help alleviate them. The following line graphs illustrate how the increased awareness has affected both the number and the revenue generated by excess tax levies.

Background

The State Auditor's Office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file data supporting the proposed property tax rates with the county, using forms prescribed by the Auditor. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

Review methodology

The 2003 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Article X, Section 22 of the Missouri Constitution (the Hancock Amendment). The tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of the tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, our review of property tax rates begins with the prior year allowed revenue. This is the maximum amount of revenue a taxing authority would have received in the prior year. Current year tax levies must be set to yield the same gross revenue as was received on property that was owned in the prior year, in addition, an adjustment is made for additional revenue permitted for assessment growth that is the lower of, (1) the actual growth rate or, (2) the inflation rate, or (3) five percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also have an effect on the tax rate ceiling calculation. The county uses this rate to collect taxes on all property including new construction and improvements.

Voters may authorize increases beyond the set limits. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. The State Auditor's Office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is generally viewed as reasonable if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

The total assessed valuation of a taxing authority that is submitted by the County Clerk or a representative of the political subdivision is used in the State Auditor's Office review of property taxes. The State Auditor's Office does not review the assessed valuation of individual pieces of property, as Section 138, RSMo governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the County Assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase, tax rate ceilings generally decrease depending on the amount of the increase to produce substantially the same amount of revenue as the prior year. See *Appendixes IA & IB* for a more detailed summary of the changes in assessed valuation, by type of taxing authority and see *Appendixes IIA & IIB* for a more detailed summary of changes in tax rate ceilings, by type of taxing authority.

In addition, *Appendix III* is a map that provides a statewide geographical perspective of county valuation growth due to new construction growth and reassessment from 2002 to 2003. *Appendix IV*, however, is a map that reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred within the county.

Organization of Report Content

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright, followed by the City of St. Louis). When a taxing authority is located in more than one county, it is listed under the primary county only.

The assessed valuations presented for taxing authorities, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for the school districts include only taxable locally assessed property. The abated portions of property valuations that are not

taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling.

Sales tax rollbacks required by law for some county levies were not reviewed as part of this report. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review where it appeared the district waived all or part of the rollback without voter approval to generate additional local revenues. *Appendix X* lists the 455 schools with full or partial waivers of Proposition C (sales tax) reductions. These school districts obtained voter approval to not roll back part or all of the required amount for Proposition C. The list includes 76 schools with partial Proposition C waivers and 379 schools with full Proposition C waivers.

Tax Rates Levied in Excess of the Tax Rate Certified

Table 1.1 lists 9 taxing authorities that levied 9 tax rates in excess of the legally permissible tax levy as provided by state law. Excess revenues collected totaled \$59,237.

Table 1.1: Listing of Taxing Authorities Levying an Excess Tax Rate

County	Political Subdivision	Levy Purpose	Assessed Valuation	(1) Certified Rate	Actual Rate Levied	Excess Revenue
Clay	City of Glenaire	General Revenue	5,848,972	0.5957	0.5958	6

	Residential Real Estate		936,400	0.0300	0.0400	94
	Commercial Real Estate		1,170,735	0.0300	0.0400	117
	Personal Property		778,751	0.0300	0.0400	78
Total						\$59,237 (6)

Source: Tax Rate Computational Forms Submitted by Taxing Entities

(1)The Certified Rate column represents the rates determined to be legally permissible based on the information submitted by the taxing authority. The excess tax revenue is computed by multiplying the excess tax rate (actual rate levied – certified rate) by the assessed valuation and dividing by 100.

(2)The Moniteau Creek Watershed district has assessed valuation in Boone, Howard, and Moniteau Counties. The district levied a rate in Howard and Moniteau Counties but did not levy a rate in Boone County.

(3)Also levied an excessive tax rate in 2001 and 2002.

(4)Also levied an excessive tax rate in 1997 – 2002.

(5)Also levied an excessive tax rate in 2001.

(6)The ballot passed by the Christian County Senior Services stated, .05 cents and was levied as 5 cents in 2001. In 2002, the tax rate ceiling was revised to reflect the amount of \$0.0005 allowed by the ballot language. The correct interpretation of the ballot language is being disputed by the district. The district continued to levy 5 cents in 2003 which resulted in additional revenues of \$280,728.

Changes in 2003

House Bill 1150 passed in 2002 revised Section 137.073 RSMo to require a separate calculation of each levy to be prepared for each subclass of property [i.e. residential real estate (abbreviated as Res.), agricultural real estate (abbreviated as Ag.), commercial real estate (abbreviated as Com.), and personal property (abbreviated as PP.)]. Implementation of this legislation began in St. Louis County beginning in 2003 and will begin statewide in 2005. The ramifications of this legislation are not determinable at this point and will need to be reviewed further in the future since the affects of this legislation fall beyond the calculation and setting of the property tax levied.

The Missouri Supreme Court concluded that the clear language of Article X, Section 11(b) authorizes school districts to maintain or set levies at the \$2.75 rate by decision of the school board. They further concluded that voters relinquished the right to vote on school district levy increases up to and including the rate of \$2.75 when they amended Article X, Section 11(b) in 1998. Therefore, a separate listing of the schools no longer appear necessary for this report.

LEGEND:

** Levy did not exist in the given year or was not certified due to insufficient substantiating data.

A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Appendix VIII.

B A voter approved increase to an existing levy, see Appendix IX.

C Levy includes a recoupment rate authorized by state law.

D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.1.

E The ballot passed by Christian County Senior Services stated, ".05 cents" and was levied as 5 cents in 2001. In 2002, the tax rate ceiling was revised to reflect the amount of \$.0005 allowed by the ballot language.

F Article X, Section 11(g) of the Missouri Constitution allows the school board of the Kansas City 33 School District to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the school board of the district.

NOTE:

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

LEGEND:

A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Appendix VIII.

B A voter approved increase to an existing levy, see Appendix IX.

C Levy includes a recoupment rate authorized by state law.

D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.1.

NOTE:

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

Total Revenue Generated from Debt Service Levies				<u>\$441,075,036</u>

NOTE:

Assessed value column presents only the assessed valuation that the property tax is levied against.

The revenue generated is computed by multiplying the tax rate by the assessed valuation and dividing by 100.

Total Revenue Generated from New Levies					<u>\$6,522,103</u>	

NOTE:

The tax rate listed above were approved by voters at an election held after 2002 tax cut rate were set and, thus, 2003 was the first year the additional voter approved rates were levied.

Assessed valuation column presents only the assessed valuation that the property is levied against.

The revenue generated is computed by multiplying the tax rate by the assessed valuation and dividing by 100.

	St. Louis City School District	Full	06 / 1994	

NOTE:

All school districts listed above have a voter approval for either a full or partial. If a school district is not included on this list, then the school district does not have a voter approved proposition C waiver.

A partial waiver allows a school district to partially waive its required proposition C (sales tax) reduction to the extent necessary to collect \$2.7500 or waive the amount stated on the ballot. A full waiver allows a school district to reduce its required proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
